Hamer Primary

Spellings: Friday afternoon—please ensure your child has been practicing these at home.

Reading books will be sent home Monday and need to be returned on Friday.

Maths passports tests every Monday, Tuesday and Wednesday.

Please ensure that all uniform is clearly labelled with your child's name.

Year Group News

We are looking forward to a new year and new start. We have updated our dojo policy and the children can now get dojos for different things such as 5 dojos for being in all week!

Key Dates

PE is on a Wednesday.

Children should come to school in their PE Kit and a school jumper.

They can wear trainers but should bring pumps to change into.

Learning Together - Care, Challenge and FUN!!

Year 3 Curriculum

Maths

This term will focus on place value. The children will be using a variety of different practical resources to support their learning and taking their learning deeper where possible into reasoning and problem solving questions. Children will also be practising their basic number skills and begin to look at addition and subtraction later on in the term.

We will also be spending some time plugging any gaps the children have due to being off school for so long.

English

The children will start the term by reading George's marvellous medicine. They will be writing instructions to help George and describing the different characters using Roald Dahl's influence to help them.

They will then read Cliff Hanger. For this text they will write a non-chronological report on an adventure park and also learn about free verse poetry.

We will also be spending time on spellings the children might have missed due to lockdown.

Science

This term the children will be learning about Plants. They will learn that plants can grow from seeds and bulbs, and the conditions needed for this. They will be able to label the parts of a flowering plant and a tree.

Topic

This term the children will be learning about the artist Georgie O'Keeffe. They will learn how to combine colours to make vibrant art work, and how she used perspective in her work.

They will also be looking at the artist Albrecht Dürer and his famous 'Praying hands' pencil drawing. They will learn how to use one medium to create different tones and textures.

Computing

In computing this term we will be looking into E Safety. The children will learn how to keep themselves safe.

We will also be teaching the children how to use Microsoft teams if we need to revert back to home learning.

PE

PE is on a Wednesday. PE will focus on fitness and wellbeing, ensuring the children are socially distanced. PE will often be outside so please send your child with outdoor trainers and indoor pumps.

RE

In RE the children will be answering the question: What do different people believe about God?
